- Revolutionary concept in plumbing repair.
- Six sizes of each of 3 fittings.
- Great for "in-the-ground" plumbing repairs

- White PVC construction.
- Works with all pipe schedules.
- No "O-Ring" to fail later.

To Install:

- Use fitting as template.
- Cut away damaged section
- Dry-fit KwikRepair™ into opening.
- Slide one sleeve back to prime & glue end of fitting & end of pipe.
- Slide sleeve forward into position with turning motion.
- Repeat until all sleeves are glued into position.
